APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This application is approved with the condition that the right of the parties using the spring for Stock watering purposes be recognized. That sufficient water must be allowed to enter the troughs to water the stock heretofore watered at this point, and that a "Tee" be installed in the pipe line named in this permit to allow the connection for the troughs. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.10 cubic feet per second.

Actual construction work shall begin on or before November 1st, 1911.

Proof of commencement of work shall be filed before December 1st, 1911.

Work must be prosecuted with reasonable diligence and be completed on or before November 1st, 1912.

Application of water to beneficial use shall be made on or before December 1st, 1912.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before January 1st, 1913.

WITNESS MY HAND AND SEAL this 22nd day of September, 1911.
